

ALVITO DWINOVA PERMANA

(+62) 812-3481-1118 | vdwinova@gmail.com | [LinkedIn](#) | [Portfolio](#) | Banyuwangi, Indonesia

SUMMARY

Information Technology graduate (GPA 3.76/4.00) from Universitas Jember with hands-on experience in data collection, cleaning, and analysis to support decision-making across teams. Proficient in Python, SQL (PostgreSQL & MySQL), and Excel for end-to-end data processing. Skilled in building and maintaining interactive dashboards with Tableau, Looker Studio, and Power BI to track key metrics. Demonstrated ability to identify data trends and present findings clearly to non-technical stakeholders. Strong sense of ownership, collaborative attitude, and eagerness to grow in a data-driven environment. Available to join immediately.

EXPERIENCE

Rise Harisenin.com - Jakarta, Indonesia

Apr 2026 – Present

Data Analyst (Bootcamp)

- Collected, cleaned, and analyzed multi-source datasets using Python, SQL, and Excel to identify trends and deliver actionable business insights.
- Built and maintained interactive dashboards in Tableau and Looker Studio to track key business metrics, supporting faster stakeholder decision-making.
- Solved end-to-end real-world business case studies and presented structured analytical reports to non-technical audiences.

RevoU - Jakarta, Indonesia

Feb 2026

Data Analytics Mini Course (Bootcamp)

- Conducted data analysis using Python, SQL, and Excel to address business problems; performed EDA to identify KPI performance gaps.
- Delivered findings through clear, structured presentations tailored for non-technical stakeholders.

Dsarea - Jakarta, Indonesia

Jan 2026 – Feb 2026

Data Analytics & Visualization (Bootcamp)

- Performed data cleaning, validation, and exploratory data analysis (EDA) using Python and Excel to ensure data quality prior to visualization.
- Transformed raw datasets into actionable dashboards, enabling decision-makers to monitor KPIs and identify performance trends.

Perum Perhutani (MAGENTA) - Banyuwangi, Indonesia

Mar 2024 – Jun 2024

Data & System Intern

- Managed, processed, and analyzed operational data to support reporting accuracy and system efficiency across multiple divisions.
- Collaborated with the planning division to produce strategic reports, translating raw data into structured insights for decision-making.
- Supported system maintenance and development to ensure data availability and integrity for operational needs.

Zenius – MBKM Studi Independen - Jakarta, Indonesia

Aug 2023 – Des 2023

Data Analytics for Climate Change & Sustainable Development

- Analyzed climate-related datasets using Python and Google Colab to identify patterns, correlations, and variable relationships.
- Built monitoring dashboards using Looker Studio and delivered data-driven recommendations aligned with sustainable development goals.
- Managed end-to-end data workflows from raw data collection through EDA to final insight presentation with strong ownership.

EDUCATION

Universitas Jember - Jember, Indonesia
Bachelor of Information Technology, Computer Science
GPA: 3.76 / 4.00

Aug 2021 – Jan 2026

TECHNICAL SKILLS

Languages: Python, SQL (PostgreSQL, MySQL)

Analysis: Data Cleaning, EDA, Statistical Analysis, Data Quality Assurance

Visualization: Tableau, Looker Studio, Power BI, Microsoft Excel

Other: Dashboard Development, Stakeholder Reporting, Data-Driven Decision Making
